Hi, Lorie -

I meant to send these Friday - sorry for the delay.

I wanted you to see some of the reports for Wilmington you may not have seen yet, namely the Engineers report which is submitted to LA county as one of the 2 required reports/letters (the Letter Im asking you to special agendized is the 2nd).

This is all the maps, legal descriptions, number of APNs, etc included in the assessment and a general schedule of how those funds are allocated.

When you get the Letter reviewed and accepted, please sign it ASAP, scan it and send it to me ASAP, please!

Let em know if you have other questions.
