Hello, Everyone -

Sorry for the late sned on this. It got into the Drafts folder when I thought I had sent it out already.

**Ms. Geluz & Mr. Fernandez** - since this is I believe your second year helping with the Wilmington Cemetery Assessment, I thought you might want to see all the paperwork that we submitted to the LA County Assessor's Office to make this assessment happen.

The DAweb page is the LA County Department of the Assessor's webpage for tracking the submission of assessments. As you can see, all documents required have been "Approved" for further processing.

All the documents below - including the Letter that Ms Geluz' signed - are required to submit an assessment to the County. Without that letter, we cannot even begin to start this process, so thank you again for helping us!

We have never been told what the meeting schedule is for the Board of Wilmington Cemetery so always prepared the documents for signature mid-May. Since you meet at the beginning of May in preparation for Memorial day, we will get next year's letters over to you for signature mid to late April 2025.

Thank You,

Mariann Karish, M.A.
