Hello, Ms. Geluz - THIS TRULY IS URGENT!

Mr. Fernandez gave me your name as the new President of the Board of Wilmington Cemetery.

Every year the Cemetery works with the City of Los Angeles Bureau of Engineering (BOE) to get the assessment paperwork completed for the Los Angeles County Assessor's Department. This paperwork is just part of that long involved process.

The first letter is just stating that you are authorizing BOE to begin the assessment process. It is not required for the actual assessment.

The one that says "DATES needed 2023-2024 FINAL Resolution.." is the key part of this entire process - for the Daily Breeze ad and more importantly for the LA County assessment process that is open for a very few days in July. I cannot send in the Final Resolution without it having been reviewed and accepted by the Board or it won't be final.

I thought I had sent this out prior to my VC and SK but apparently I did not. *Entirely my fault* but I need a BIG favor here - Can your June 2023 Agenda be amended or a Special Meeting be held? As you can see from the document, it needs the date that the Board accepted the Resolution prior to filing for the assessment. (the dates in RED on the document. Mr Fernandez provided the August date and address for the public outreach that is on the letter - Thank you! (7-4-always poses a problem).

Bottom line? if this document isn't accepted by the Board, the assessment can't be collected and your funding will not exist for 2023-2024. My fault entirely but can we come up with a resolution? A special agenda or amendment to June's meeting? I must attach this to LACO website as legal basis for the assessment so even if it was on a July agenda, it would be tight. July 12th is usually the deadline for everything and we have a lot we do with the data to get this submitted.

I will be working from home tomorrow - still SK and it may be covid. My personal phone number is **Mariann Karish 909-994-5015** and I work from 6:30 am to 4:00 pm - later if needed.

Thank You!

Good Evening Ms Karish

Yes, we can definitely have a special meeting next week to have the board approve this matter.

Thank you for following up & hope you feel better soon.

Respectfully
